

# THE POWER OF THOUGHT!

HOW WE COULD CHANGE THE WORLD!

PUBLIC READING – LECTURE

9<sup>TH</sup> & 10<sup>TH</sup> JUNE 2019 - MECHANICS INSTITUTE HALL

1A PLOWMAN PL, FRANKSTON, VICTORIA

We know that the actions and words of a person have an effect. We can gladden another person through a gift or assistance. Evil deeds and words also work in their own way. But what about our thoughts? Do they also have an effect - perhaps even greater than we can imagine?

Do they perhaps even have an effect on our personal happiness and on the conditions in the world around us?

We will be considering the recognition of how thoughts work and how we can observe their effects.

The work "In the Light of Truth", the Grail Message of Abd-ru-shin, brings new knowledge and enlightenment about the connections between our personal happiness, social developments and happenings around the world. The importance of our thoughts will be portrayed & discussed.
